VILLAGE HALL UPDATE

Hopefully you will have noticed that the front of the Hall is in the process of being repainted. Dangerous brickwork has been removed and the chimney has been recapped. The brickwork in this area will be sealed to help prevent dampness transferring to the interior brickwork. In addition repairs have been made to the rear door framework, and arrangements are in hand to secure and clean out the guttering. We have made a start in preparing the interior to be refreshed and due to the sink in the toilet being damaged we have replaced it. Thanks to the efforts of Dave Parsons we have managed to negotiate a more competitive electric contract which will help in reducing running costs.. We have plans to replace timers and thermostats shortly which should also help .

We are investigating the practicality of increasing the number of interior toilet facilities and hope to provide more information shortly.

Village Hall Update: (continued)

We have finally managed to resolve the issues relating to the opening of a bank account and are now in a position to accept the pledged donations or set up direct debit donations that many of you pledged at earlier events and we will be including the appropriate forms in the October edition of the News.

CATNEY CRICKET CLUB

The season continues with a mixture of Sun & Storms and the Club is continuing to battle against relegation with great wins followed by terrible defeats and on Saturday 23rd we entertain the League leaders Shipston on Stour so wont be much joy there I think, However we still battle on and with only 2 weeks to go with league Cricket we will see where we end up,

We held a Charity day at the end of July which went very well and I understand over a £1000 was raised for ' Help for Heroes' unfortunately the night before a commemorative Bench in honour of George & Floss Bray was stolen which is very upsetting and if anyone hears about a bench for sale please let us know,
